A DAILY NUISANCE,

A Simple Remedy Which Will Inter-est Catarrh Sufferers. In its earlier stages catarrh is more of a nulsance than a menace to the general health, but sconer or later, the disease ex-tends to the threat, bronchial tubes and even to the stomach and intestines. Caterrh is essentially a disease of the mucous membrane, the local symptoms being a profuse discharge of mucus, stop-page of the nestrils, irritation in throat, causing coughing, sneezing, gagging and drequent clearings of the throat and head. The usual treatment by local douches, enuffs, salves, etc., often gives temporary relief, but anything like a cure can only

he obtained by a treatment which removes the catarrhal taint from the blood and the disappearance of the inflammation from the mucous surfaces.

A new remedy which meets these requirements and which so far has been remarkably successful in curing estarth is Stuart's Catarrh Tablets.

These tablets act upon the blood and mucous membranes only. They can hardly be called a secret patent medicine as they are composed of such valuable remedies as Sanguinaria, Hydrastin, Eucalyptol and similar cleansing autiseptics, which cure by eliminating from the blood and mucous surfaces the catarrhal polson. Stuart's Catarth Tablets are large, pleasant tasting lozenges taken internal-

pleasant tasting lorenges taken internality, allowing them to dissolve slowly in the mouth, in this way they reach the throat, fauces and the entire alimentary cenal.

If desired, they may also be dissolved in water and used as a douche, in addition to the internal use, but it is not at all necessary to use a douche; a few of them distolved in the mouth daily will be sufficient. However, when there is much stoppage of the nose, a douche made from these tablets will give immediate relief, but the regular daily use internally of these tablets will cure the whole catarrhal trouble without resorting to the incon-

these tablets will cure the whole estarthal trouble without resorting to the inconvenience of a douche.

Dr. Bement states "that the interest creatment for catarrh is rapidly taking the place of the old plan of duuching, and local application, and further says that probably the best and certainly the cafest remedy at present on the market is Suart's Catarrh Tablets, as no secret is made of their composition and all the really efficient remedies for catarrh are contained in this tablet."

Druggists sell Stuart's Catarrh Tableto at fifty cents for full sized packages. Ask your druggist and if he is honest he will tell you here is no safer, more palatable, more efficient and convenient remedy on
